

## 5" x 7" LED PROJECTOR HEADLIGHTS

Introducing 5" x 7" LED Projector Combination High & Low Beam Headlight with Halo (**TLED-H4**) from Trux Accessories!

TRUX LED Projector headlights are simply the most powerful forward lighting in the entire industry. The shine from these white lights are unmatched and will substantially increase your visibility, not only straight forward but to the sides of the road as well. The secret of LED projector technology is that powerful Cree LEDs face the back of the light reflecting off a mirror to bounce a wider and stronger beam pattern forward. This Headlight has an extra Auxiliary Halo Oblong function that not only provides extra illumination but brings style to a standard 5" x 7" Headlight.
